

# Jim Burchel

## Full-Stack Developer · Systems & Technology Director

(336) 601-9440

jburchel@gmail.com

Columbia, SC

### PROFESSIONAL SUMMARY

---

Full-stack developer with hands-on experience building production-grade web applications, complex SSO/OAuth-integrated platforms, and mission-critical internal tools. Proficient in Next.js, Python, Supabase, Vercel, Railway, and Tailwind CSS. Currently also serving as Systems & Technology Director at Crossover Global, where I architect and develop enterprise tooling for a multinational nonprofit. I bring a rare combination of technical depth, project management experience, and the communication skills to translate complex technical concepts for any audience.

### TECHNICAL SKILLS

---

<b>Frontend</b>	Next.js, React, HTML5, CSS3, Tailwind CSS, Responsive Design
<b>Backend</b>	Python, Node.js, REST APIs, Server-Side Rendering
<b>Database</b>	Supabase (PostgreSQL), Database Schema Design, Row-Level Security
<b>Auth / SSO</b>	Google OAuth 2.0, Multi-tenant SSO, Role-Based Access Control (RBAC)
<b>DevOps</b>	Vercel, Railway, Git/GitHub, Environment Configuration
<b>AI-Assisted</b>	Proficient with AI-augmented development workflows (Claude, Cursor)
<b>Other</b>	Google Workspace Admin, GCP, PCI DSS Compliance, API Integrations

### FEATURED PROJECT

---

#### **CG-One** — *Internal Enterprise Platform* | *Crossover Global*

- Architected and built a full-featured SSO application from the ground up with 10+ functional modules
- Implemented Google OAuth 2.0 single sign-on supporting multi-role access (Admin, Staff, Leader, Donor)
- Built with Next.js, Python, Supabase, Railway, and Vercel — exceeding 380,000 lines of code
- Modules include role-based dashboards, API integrations (Joshua Project), reporting, and more
- Dark-themed React UI with sidebar navigation, responsive layout, and module-level permission filtering
- Integrated external APIs and designed database schema with Supabase (PostgreSQL) + Row-Level Security

### FREELANCE DEVELOPMENT EXPERIENCE

---

#### **Part-Time Full-Stack Developer** | **Independent / Freelance** | Remote 2023 – Present

- Design and build static and dynamic websites for clients using modern frameworks and deployment pipelines
- Develop custom web applications tailored to client workflows and business requirements
- Deliver production-ready projects using Next.js + Vercel with clean, maintainable codebases
- Leverage AI-assisted development to accelerate delivery without sacrificing code quality

### PROFESSIONAL EXPERIENCE

---

#### **Systems & Technology Director / Missions Mobilizer** | **Crossover Global** | Columbia, SC *June 2023 – Present*

- Oversee all technology infrastructure for a multinational nonprofit organization
- Lead development of CG-One, a proprietary internal platform with SSO, role-based access, and 10+ modules

- Manage Google Workspace Education Plus environment with super-admin access across the organization
- Drive PCI DSS compliance, network security policy, and overall IT governance
- Serve as Missions Mobilizer, connecting people and resources to global mission opportunities

**Trainer** | **NC School Health Training Center (ECU)** | Greenville, NC *April 2011 – October 2022*

- Delivered professional training to youth-serving professionals across NC on health and prevention topics
- Trained professionals nationally in Wise Guys and Peer Group Connections curricula

**Pregnancy Prevention Director** | **Thomasville City Schools / CIS** | Thomasville, NC *November 2006 – April 2017*

- Managed award-winning adolescent pregnancy prevention program with national recognition
- Received 2009 APPCNC Award — outstanding pregnancy prevention program in North Carolina
- 2012 APPCNC Youth Achievement Award for outstanding involvement of youth in prevention work
- Recognized annually as APPCNC Star Recipient from 2005–2011
- Completed Certificate in Non-Profit Management, Duke University (2009)

**Principal Partner** | **Reach Above and Beyond** | Thomasville, NC *November 2010 – December 2014*

- Co-led consulting and program development firm supporting nonprofit and youth-serving organizations

**Wise Guys Educator** | **Family Life Council of Greater Greensboro** | Greensboro, NC *November 2003 – October 2006*

- Delivered Wise Guys curriculum, a nationally recognized male-focused pregnancy prevention program

**Pastor of Student Ministries** | **Multiple Congregations** | NC / KY / NY *1991 – 2002*

- 12+ years leading student ministry programs; congregation of 700+ attenders with 100+ active students
- Supervised paid and volunteer staff; served in denominational leadership at district level

## EDUCATION

---
